Sir:

In response to the Office Action dated January 22, 2003, please amend the
above-identified application as follows.

IN THE CLAIMS:

Please cancel claims 9-17 without prejudice or disclaimer.

Please amend claims 1, 6 and 8 as follows:

SUB F17
E1
1. (Four Times Amended) A database processing method used in a database
system arranged in a client-server manner, comprising:
a first process of enabling a database server operating at a server to store
data processed on a database from said database, in response to a request of a
program operating at a client, to a common storage device which is shared between
said client and said server other than a storage device to which said database is
